U.S. EXPORT SALES

- Outstanding Export Sales (Unshipped Balances) on DECEMBER 25, 1977

- Export Shipments in Current Marketing Year

- Daily Sales Reported

DECEMBER 26-JANUARY 1, 1978

--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of January 5, 1978 (based on reports from exporters for the week ending December 25 unless otherwise noted.)

Wheat: New sales activity was down rather sharply after six consecutive weeks of moderately brisk business. Significant purchases were reported by Japan, Taiwan, Mexico and the Philippines. The rate of exports continued to decline.

Corn: Sales declined for the second consecutive week. Several European countries and Japan accounted for about two-thirds of the net increase. Korea's purchases under the daily system totalled 105,000 metric tons (MT) for shipment during 1977/78. Exports of 608,900 MT marked the third consecutive weekly decline.

Sorghum: Export sales enjoyed a fairly strong week with a number of countries adding modest amounts to earlier purchases. Japan led the field, due principally to shifts from unknown and the assignment of destinations on optional origin sales. Exports registered the third heaviest so far this marketing year (MY).

Cotton: Sales activity continued at a good level, though down from the preceding week's large volume. Significant MY 1977/78 sales were reported to Japan, Hong Kong, Korea, Taiwan and unknown destinations with smaller quantities to Germany, Poland, and France. Contract adjustments by Japan reduced MY 1978/79 sales by 13,000 RB. Exports of 129,700 RB were the largest this MY, with 82 percent to Asia.

Soybeans: Sales activity was modest (153,200 MT) as only unknown destinations experienced any significant increase. Sales of 50,300 MT, mainly to the EC, were reported for 1978/79 delivery. Exports dipped to the lowest level in 12 weeks with Japan accounting for nearly 42 percent.

Soybean Cake and Meal: Market interest was light. Exports (133,400 MT) were up slightly from the modest pace of the past 3 weeks.

Soybean Oil: Peru (under CCC credit) accounted for over half of the weekly sales (10,800 MT). Exports were relatively strong with initial MY shipments to India (14,900 MT) and Egypt (4,000 MT) accounting for over 80 percent.

Barley, Oats and Rice: Showed no significant activity.

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
